

Bob Crosby, Liberace Scheduled To Entertain at Annual Y-Day

Singer Bob Crosby and famed pianist Liberace are two of the many stars who will help entertain more than 50 Torrance YMCA youngsters who will attend the 20th annual Y-Day in Hollywood program Oct. 18, general secretary Stan Roberts announced this week.

The big Hollywood Bowl variety show, with Art Linkletter as master of ceremonies, will feature stars of movies, radio, and television.

The UCLA-Stanford football game at Los Angeles Memorial Coliseum is also on the all-day program, Roberts said. Lunch will be served to all who attend.

Event of Year
The general secretary indicated that the local "Y" is going all out to make the Y-Day program one of the biggest events of the year for Torrance YMCA boys.

"This is the biggest single YMCA event in the world," he

said. "More than 15,000 'Y' people from all over California, Arizona and Nevada will be there and the variety show will be broadcast coast to coast and to our armed forces around the world. We want to be there."

Several youngsters have announced that they will enter the Essay Contest competition to be held in connection with the event. Roberts said others who want to enter should contact the "Y."

Cost is Nominal
The cost of the complete day including round trip transportation is very nominal. YMCA boys and their friends and their par-

Local Kiwanians To Attend 32nd District Meet

Members of the Kiwanis Club of Torrance will join representatives of 277 other clubs from California, Nevada, and Hawaii at the 32nd annual district Kiwanis convention slated for Sacramento Oct. 5th through the 8th.

Registrations have already been received from Paul L. Loranger, club president, who heads the local delegation. Additional reservations are expected this week from the Torrance club, Loranger said.

Roberts again called on parents to make this a family event, promising that the entertainment will be excellent for all ages.

Formation of New Choral Group Planned by School

Formation of a new choral group to present Oratoria and shorter choral works will take place in the new music room (126) of the Torrance High School Wednesday evening under the direction of Walter Slike, choral director for the high school.

As part of the adult education program, Slike has planned for the presentation of Mendelssohn's "Hymn of Praise" in November. Handel's "Messiah" in December, a secular program in March, and Haydn's "Creation" in June.

Lots of Singing
Vernon Sheblak, director of the Adult Education Division of the Torrance Unified School District, said yesterday that he believed there are many singers with extensive experience in the choral field who will welcome the opportunity to do lots of singing of this type.

Slike who will conduct the chorus was director of USC choral clubs in 1950 and 1951 while working on his Ph.D. in music at the university. He was assistant conductor under the late John Smallman of Los Angeles, and studied choral techniques with John Findley Williamson of the Westminster Choir School. He is also an accomplished organist and a member of the American Guild of Organists.

Oratorios Presented
For the past five years, as director of music at the First United-Methodist Church of Los Angeles, Slike has presented three oratorios each year with select symphony orchestra personnel.

Those interested may register at a meeting of the class, Sheblak pointed out.

Expectant Mom's Class to Start Here Oct. 16

A starting date of Oct. 16 has been announced for the Expectant Mothers' Classes in the Torrance Health District according to Dr. Roy O. Gilbert, County Health Officer under whose supervision this educational service is offered. The classes will be held in the Torrance Health Center, 2300 Carson St., every Thursday afternoon at 1:30 o'clock.

Subject matter includes demonstrations and information on lactation, baby's bath, nutrition, formula preparation, what to take to the hospital, and care of the new baby. Among topics discussed in the fathers' sessions, which are special evening classes, are situations created by a new baby in the home.

The class instruction in no way takes the place of the services of a physician, Dr. Gilbert pointed out, and early and regular prenatal care by a private physician is emphasized.

All prospective mothers and others who are interested in the care of new babies are invited to the classes.

SUPER SALADS FOR SUMMER SUPPERS

A good hearty salad makes a super feature for a summer supper for the family.

Steaming bowls of hot soup make a perfect prelude to them. And we do suggest a selection from the canned-goods-shelf to save you time and work.

Then, serve a meal-proportioned salad, crisp fresh vegetables, carrot strips, celery, green pepper rings, radishes, etc., bread and butter, and a beverage to complete the menu. And top it off with dessert to suit the mood. Fresh fruits or melons or something more colorful, if you like.

You just can't have too many fine filling salads in mind for summer supper menus.
